#### Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

**DETAILED ACTION**

***Claim Rejections - 35 USC § 103***

1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. Claim 1 is rejected under 35 U.S.C. 103(a) as being unpatentable over Gordon (5,947,790) in view of Tsengas (6,571,742). Gordon discloses a line play out and retrieval device comprising a reel assembly including a reel (27), a rod (201), and a handle (203), a mouse shaped housing (211); a tether (208) that connects said mouse housing with said reel; said handle being hollow and containing a battery power source (15) and an electric motor (6) coupled to a gear reduction assembly, the output shaft of said assembly being connected to said reel so that when a person presses a switch (12) on top of said handle, said tether is wound onto said reel (col. 6, lines 19-37, col. 7, lines 42-54). Gordon, however, does not disclose that the mouse contains an audio circuit, speaker and motion switch. Tsengas teaches an interactive pet toy comprising a motor driven mouse (12) containing a prerecorded sound device (70) held within the interior cavity of the mouse; the sound device includes a prerecorded sound chip, battery, and catnip or other pet attractive scent material can be placed in the interior cavity (13); wherein the sound device emits a prerecorded sound in response to movement of the object (12). It would have been obvious to one of ordinary skill in

Art Unit: 3644

the art to provide that the mouse of Gordon make noise and contain catnip as taught by Tsengas in order to better simulate natural prey, and further amuse or entice the animal.

***Allowable Subject Matter***

3. Claim 2 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
